## Location of Nigg Bay Coastal Realignment Site

# Background to Project

- Nigg Bay important for wintering birds
- 36% saltmarsh lost in Bay 1946 - 1997
- Predicted future sea level rise
- Where would the birds go???

Royal Society for the Protection of Birds

**Nigg Bay Coastal Realignment Project**  
Design and Impacts Study

**Babtie Group**

95 Bothwell Street, Glasgow G2 7HX

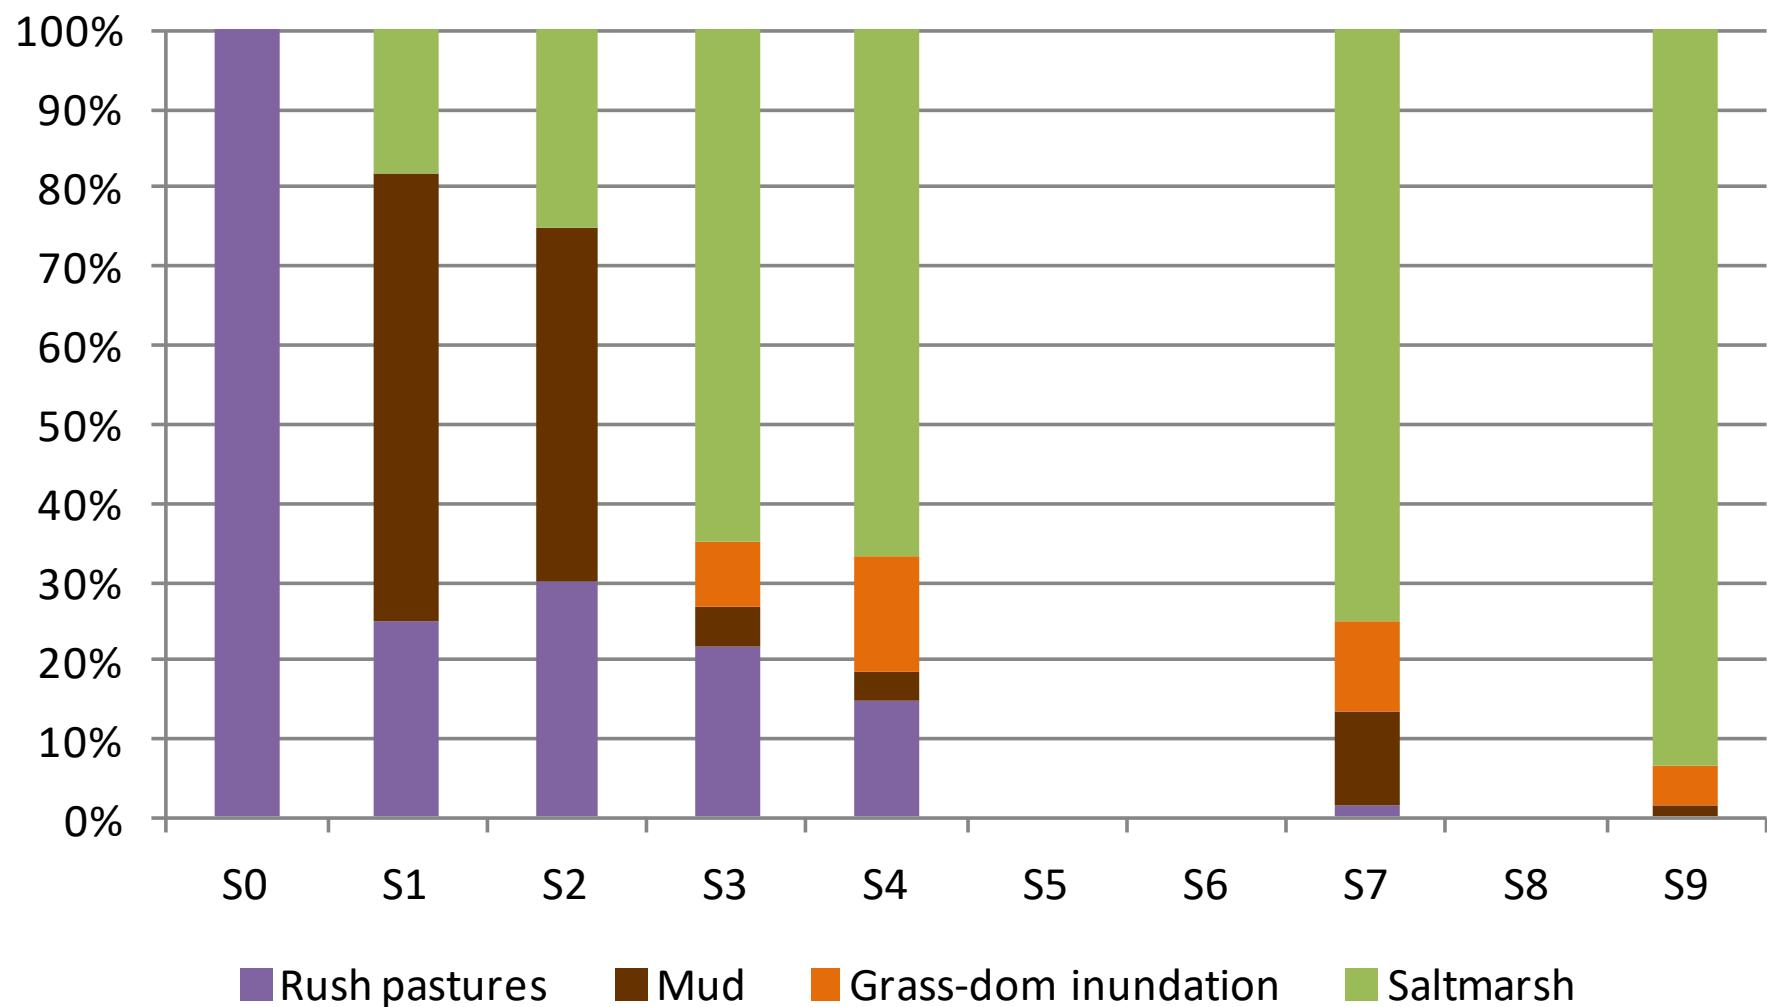

**Babtie**

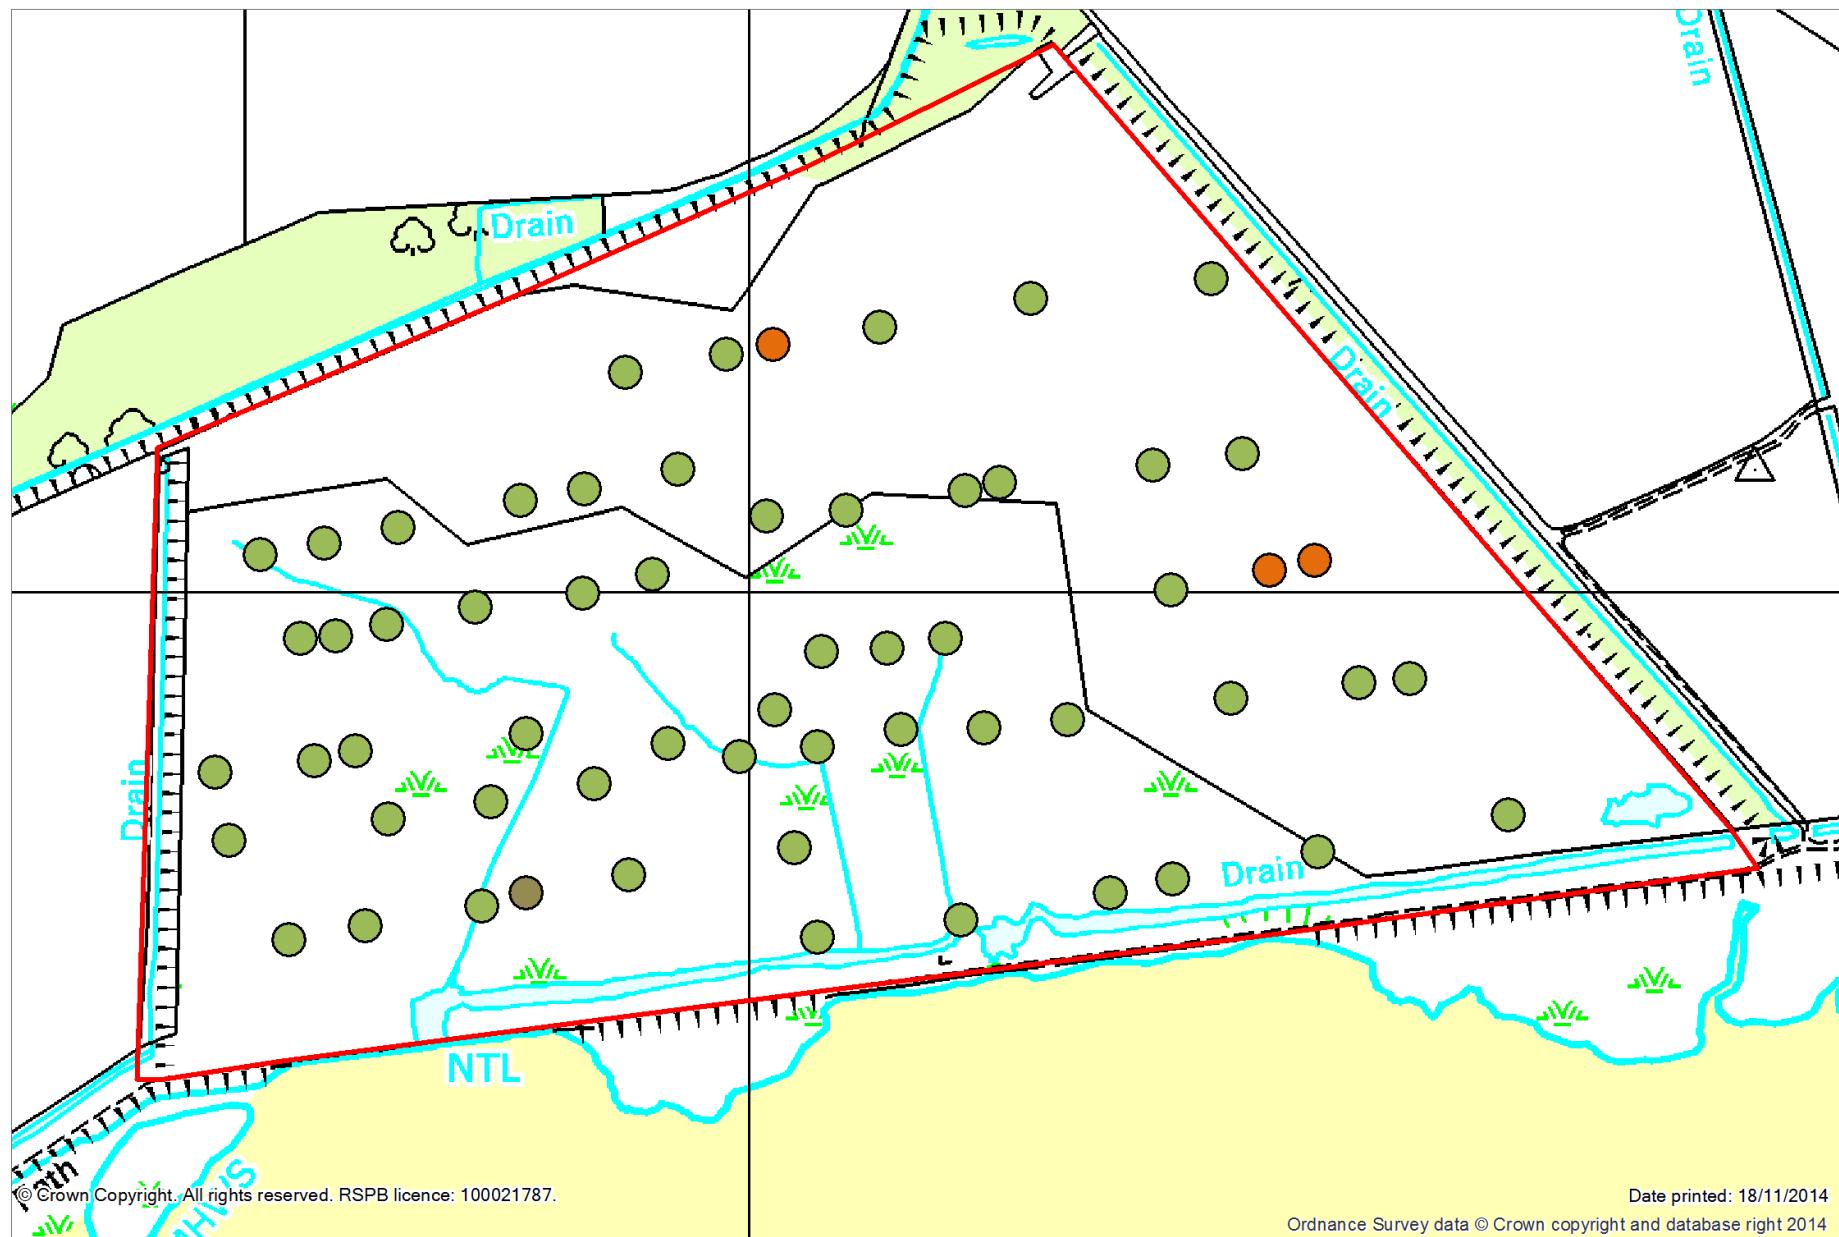

# Ecological changes

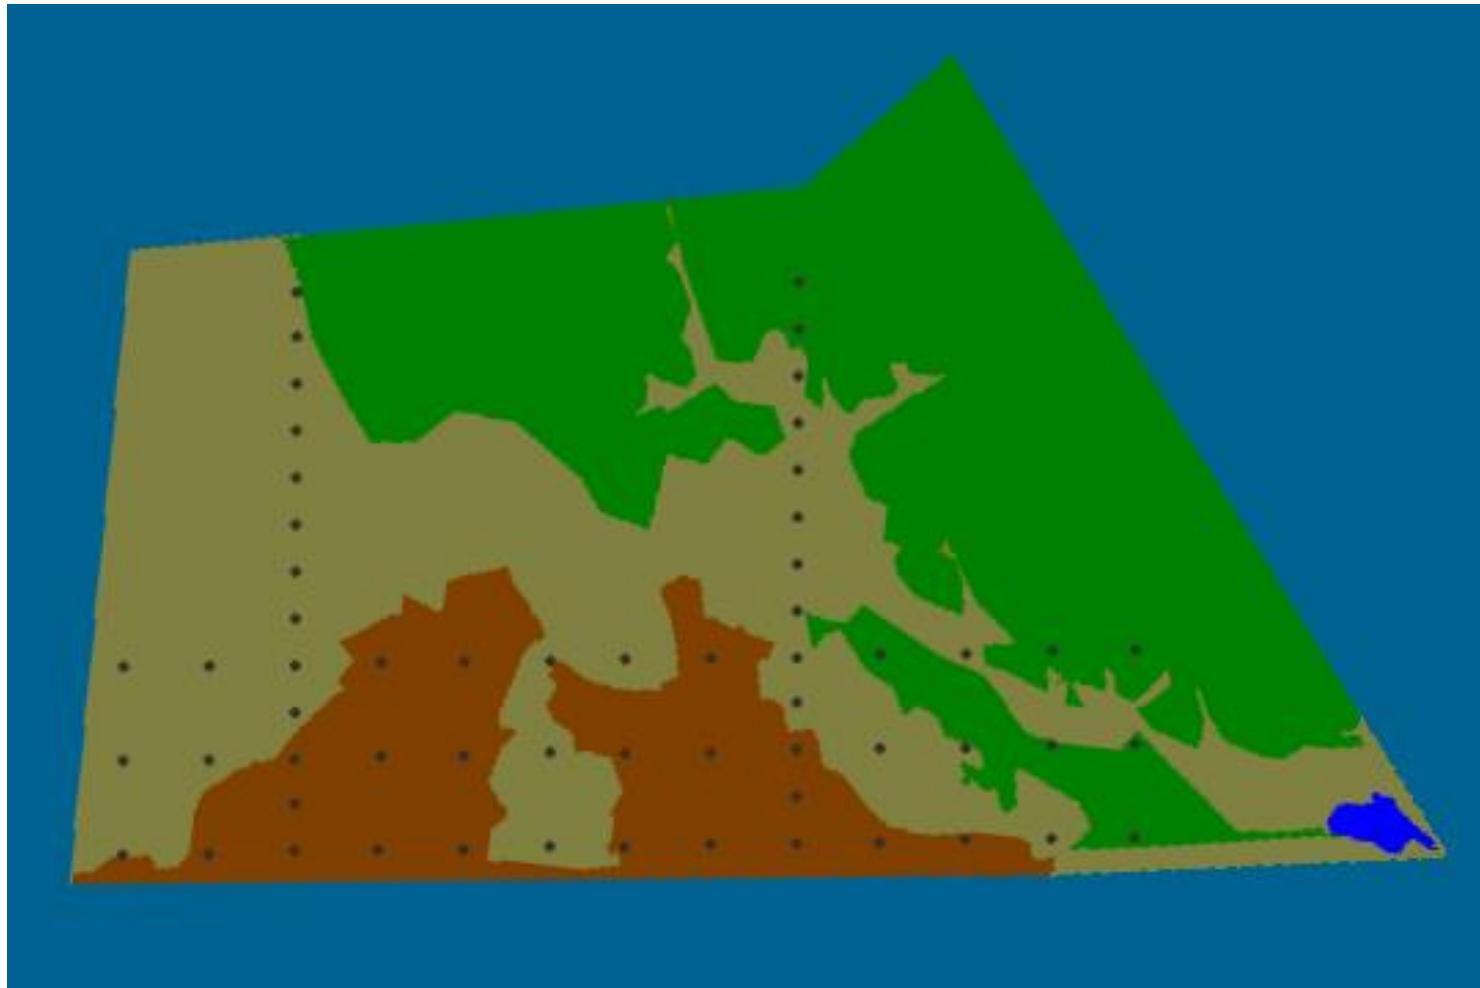

- vegetation
- benthic invertebrates
- birds

# Vegetation Change

# Benthic Invertebrates
